CHAPTER

---

## MANUFACTURER'S PRODUCTS

### ANTIVIRAL DRUGS

#### Systemic drugs:

##### *Acyclovir:*

|              |                    |
|--------------|--------------------|
| Virolex      | tablet             |
| Zovirax      | suspension, tablet |
| Telviran     | tablet             |
| Aciclovir AL | tablet             |
| Virolex      | suspension         |

##### *Foscarnet sodium hexahydrate:*

|          |          |
|----------|----------|
| Foscavir | infusion |
|----------|----------|

##### *Famciclovir:*

|             |             |
|-------------|-------------|
| Famvir      | film tablet |
| Famciclovir | tablet      |

##### *Valaciclovir:*

|              |        |
|--------------|--------|
| Valtrex      | tablet |
| Valacyclovir | tablet |

##### *Brivudine:*

|          |        |
|----------|--------|
| Zostex   | tablet |
| Brivudin | tablet |

##### *Zidovudine:*

|          |             |
|----------|-------------|
| Retrovir | film tablet |
|----------|-------------|

##### *Lamivudine:*

|        |             |
|--------|-------------|
| Epivir | film tablet |
|--------|-------------|

##### *Indinavir:*

|          |         |
|----------|---------|
| Crixivan | capsule |
|----------|---------|

##### *Interferon alfa-2b:*

|          |           |
|----------|-----------|
| Intron A | injection |
|----------|-----------|

##### *Inosiplex:*

|              |        |
|--------------|--------|
| Isoprinosine | tablet |
|--------------|--------|

##### *Ganciclovir:*

|          |                    |
|----------|--------------------|
| Cymevene | injection, capsule |
|----------|--------------------|

#### Topical products:

##### *Acyclovir:*

|            |                   |
|------------|-------------------|
| Virolex    | cream             |
| Zovirax    | cream, suspension |
| Telviran   | cream             |
| Acerpes    | ointment          |
| Aciclobeta | ointment          |

##### *Penciclovir:*

|          |       |
|----------|-------|
| Vectavir | cream |
|----------|-------|

##### *Interferon alfa:*

|          |     |
|----------|-----|
| Egiferon | gel |
|----------|-----|

##### *Epervudine:*

|         |          |
|---------|----------|
| Hevizos | ointment |
|---------|----------|

##### *Zinc sulfate:*

|            |     |
|------------|-----|
| Virudermin | gel |
|------------|-----|

### CORTICOSTEROIDS

#### Topical treatment (manufacturer's product)

#### ORAL MUCOSA

##### *Triamcinolone:*

|              |                |
|--------------|----------------|
| Polcortolone | soluble tablet |
| Volon A      | ointment       |

##### *Clobetasol propionate:*

|            |                 |
|------------|-----------------|
| Dermovate  | solution, cream |
| Clobetasol | ointment        |

##### *Prednisolone:*

|            |        |
|------------|--------|
| Prednisone | tablet |
|------------|--------|

*Prednisolone acetate:*

Dontisolon D                    paste

*Prednisolone acetate, hydroxypolyethoxydodecane, dequalinium chloride:*

Corti-Dynexan                    gel

*Beclomethasone:*

Beclomethasone CT                spray

*Betamethasone:*

Betamethasone                    soluble tablet, solution

Betnesol                            soluble tablet

*Further products available mainly out of Hungary:*

Adcortil A ointment, Lidex gel, Beclomethasone spray and Flucitason spray

## SKIN

*Triamcinolone acetonide:*

Ftorocort                            ointment

Polcortolone TC                    spray

*Prednisolone:*

Prednisolone                        ointment

*Dexamethasone:*

Dexapocort N                        spray

*Dexamethasone, chlorhexidine:*

Dexatopic                            cream

*Hydrocortisone:*

Hydrocortisone                    ointment

Oxycort                              spray

Pimafucort                        cream, ointment

*Hydrocortisone butyricum:*

Locoid                                ointment, cream

*Mometasone furoate:*

Elocom                                ointment, cream

## Systemic treatment (manufacturers' products)

*Triamcinolone:*

Porcortolone                        tablet

Aristocort                            injection

*Prednisolone:*

Prednisolone                        tablet

*Prednisone:*

Prednisone                         tablet

*Methylprednisolone:*

Solu-Medrol                        injection

Medrol                                tablet

*Microcrystal hydrocortisone acetate:*

Hydrocortisone                    microcrystal injection

*Betamethasone:*

Celestone                            tablet, injection

Celestamine N                      tablet

Betamethasone                      tablet

Betnesol                              tablet

*Betamethasone dipropionate and Betamethasone sodium phosphate:*

Diprophos                            injection

*Triamcinolone acetonide:*

Kenalog                              injection

*Further products available mainly out of Hungary:*

Dexa injection, Oradexon tablet, Deflazacort

**TREATMENT OF DRYNESS OF THE MOUTH (XEROSTOMIA)**

## Manufacturers' products

*Pilocarpine chlorate:*

Salagen                                tablet

*Pyridostigmine bromide:*

Mestinon 60                         dragée

*Glucose-oxidase, lactoperoxidase, lysozyme, sodium monofluorophosphate:*

Biotene                                dry mouth toothpaste

*Sage extract:*

Saliva orthana                        spray, tablet

Salivace                                spray, tablet

*Further products available mainly out of Hungary:*

SST tablet, Siccasan spray, Glandosane spray, Saliva medac spray, Saliva orthana spray and tablet, Salivix pastille, Miradont gel, Oral balance, Oraluba, Salivart, Xerobule

**ANTISEPTICS**

## Topical treatment

*Povidone-iodine:*

Betaisodana                         solution

*Chlorhexidine gluconate:*

Chlorhexamed                        solution, gel

Chlorhexamed forte                solution

Cidegol C                              solution

Frubilurgyl                         spray

*Cetylpyridinium chloride:*

Dobendan                            solution

*Hexetidine:*

Hexoral                                solution, spray

*Choline salicylate:*

Mundisal                              gel

*Acetic Ethacridine:*

Rivanol                                solution

*Further products available mainly out of Hungary:*

Bocasan mouthwash

**ANTIFUNGAL PRODUCTS**

## Topical treatment

## ORAL MUCOSA

*Fluconazole:*

Diflucan suspension

*Amphotericin B:*

Ampho-Moronal soluble tablet, suspension

*Nystatin:*Lederlind gel  
Moronal suspension  
Mykundex suspension  
Nystaderm S suspension*Natamycin:*

Pimafucin tablet, solution

*Miconazole:*Daktar oral gel  
Mykotin oral gel  
Micotef gel  
Infektosoor oral gel

## SKIN (PERIORAL)

*Clotrimazole:*

Canesten cream, solution, ointment

*Terbinafine hydrochloride:*

Lamisil cream, solution, spray

*Econazole nitrate:*

Pevaryl cream

*Natamycin:*Pimafucin cream  
Pimafucort ointment, cream, solution

## Systemic manufacturers' products

*Fluconazole:*Diflucan capsule  
Nofung capsule*Ketoconazole:*

Nizoral tablet

*Itraconazole:*

Orungal capsule

*Terbinafine:*

Terbisil tablet

*Nystatin:*

Nystatin dragée

*Caspofungin acetate:*

Caspofungin injection

*Econazole:*

Pevaryl tablet

## Further products available mainly out of Hungary:

Mycostatin, Mycelex, Amphotericin B dragée, suspension,  
Voriconazol injection, tablet, Norinyl tablet**ANTIINFLAMMATORY MEDICINES,  
ANALGESICS, ANTIULCERATIVE MEDICINES  
(BACTERIUM, VIRUS, FUNGUS)***Lidocaine hydrochloride, dichlorobenzyl alcohol,  
amylmetacresol:*

Strepsils plus tablet

*Menthol, dichlorobenzyl alcohol, amylmetacresol:*Stepsils menthol,  
eucalyptus tablet*Ascorbic acid, ascorbic sodium, dichlorobenzyl alcohol,  
amylmetacresol:*

Strepsils Vitamin C tablet

*Dichlorobenzyl alcohol, amylmetacresol:*Strepsils herbal lemon tablet  
Strepsils honey and lemon tablet*Oxybuprocaine, cetylpyridinium chloride, tyrothricin:*Mebucain forte tablet  
Mebucain Mint soluble tablet  
Mebucain Orange soluble tablet  
Mebucain oral and pharyngeal spray*Chlorhexidine gluconate:*Septofort tablet  
Chlorhexamed solution, gel  
Chlorhexamed forte solution  
Corsodyl solution, gel*Benzydamine hydrochloride:*Tantum Verde Dental toothpaste  
Tantum Verde oral and pharyngeal wash,  
solution, spray  
Benzydamine solution, toothpaste*Povidone:*

Aloclair gel, suspension

*Carbenoxolone sodium:*

Bioral gel

*Alcoholic sage extract:*

Aperisan gel

*Carbenoxolone sodium:*

Carbosan gel

*Extract Rhiz Hydrastis canad Spiss:*

Gingivitol N solution

*Camomile extract, peppermint oil, anise oil:*

Kamillosan oral spray, solution

*Turkey rhubarb extract, salicylic acid:*

Pyr Alvex solution

*Tormentillae rhizoma extract, Krameria triandra extract:*

Repha-os oral spray

*Cetylpyridinium chloride, benzocaine:*

Dolo-dobendan solution

*Aminoquinuride, tetracaine hydrochloride:*

Herviros solution

*Lidocaine hydrochloride:*

Dynexan oral gel

|-----------------|--------|
| Ensure plus     | 237 ml |
| Nutridrink      | 200 ml |
| Nutrison powder | 430 g  |

## Magistral preparations

### ANTIBACTERIAL PREPARATIONS

*Rp.*  
 Betadine solution  
     *Grammata decem (10 g)*  
 Saccharimidi tablet  
     *No. 5 (five)*  
 Etherolei citri  
 Etherolei aurantii  
     *Ana guttas decem (10 drops of each)*  
 Hydrogeli methylcellulose  
     *Ad grammata 100 (ad 100 g)*  
 Mix them to make an ointment.  
 Give and sign: externally.

*Rp.*  
 Chlorhexidine solution 20%  
     *Gramma 50 (50 g)*  
 Diluendi menthae  
     *Grammata 10 (10 g)*  
 Hydrogeni methylcellulosi  
     *Ad grammata 100 (ad 100 g)*  
 Mix them to make an ointment.  
 Give and sign: externally.

*Rp.*  
 Benzocaine  
 Metronidazole  
     *Ana grammata duo (200 g of each)*  
 Saccharimidi tablet  
     *No. 5 (five)*  
 Etherolei menthae piperitae  
 Etherolei caryophylli  
 Etherolei citri  
     *Ana guttas quinque (5 drops of each)*  
 Hydrogeli methylcellulose  
     *Grammata septuaginta quinque (75 g)*  
 Distilled water  
     *Ad grammata centum (ad 100 g)*  
 Mix them to make an ointment.  
 Give and sign: externally.

*Rp.*  
 Benzocaine  
 Metronidazole  
     *Ana grammata duo (2 g of each)*  
 Saccharimidi tablet  
     *No. 5 (5)*  
 Etherolei menthae piperitae  
 Etherolei caryophylli  
 Etherolei citri  
     *Ana guttas quinque (5 drops of each)*  
 Distilled water  
     *Grammata viginti (20 g)*  
 Hydrogeli methylcellulose  
     *Ad grammata centum (ad 100 g)*  
 Mix them to make an ointment.  
 Give and sign: externally.

### TREATMENT OF ORO-MUCOSAL ULCERATIONS

*Rp.*  
 Benzocaine  
     *Gramma semmis (0.50 g)*  
 Vitamin B12 injection  
 Panthenol injection  
     *Ana ampullam originalem No. 1 (1 ampulle)*  
 Hydrogeli methylcellulose  
     *Grammata viginti (20 g)*  
 Mix them to make an ointment.  
 Give and sign: externally.

*Rp.*  
 Vitamin A oil (10 ml)  
     *Scatulam originalem No. 1 (1 box)*  
 Vitamin E injection  
     *Ampullam originalem No. 1 (1 ampulle)*  
 Etherolei citri  
 Etherolei caryophylli  
 Etherolei chamomillae  
     *Ana gramma semmis (0.50 g of each)*  
 Mix them to make an ointment.  
 Give and sign: externally.

**TREATMENT OF DRY MOUTH***Rp.*

Potassium Chlorati  
 Sodium chlorati  
*Ana centigrammata viginti (0.20 g of each)*  
 Trinatrii citrici  
*Grammata duo (2 g)*  
 Carmellosi sodium  
*Grammata duo (2 g<sup>9</sup>)*  
 Sorbitol  
*Grammata sex (6 g)*  
 Distilled water  
*Ad grammata ducenta (ad 200 g)*  
 Mix them to make an ointment.  
 Give and sign: externally.

*Rp.*

Calcium chlorati solution 50%  
 Dinatrii hydrohenphosphorici  
*Ana centigramma decem (0.10 g of each)*  
 Sodium chlorati  
*Centigrammata viginti quinque (0.25 g)*  
 Potassium chlorati  
*Centigrammata triginta sex (0.36 g)*  
 Chamomile tincture  
*Grammata tria (3 g)*  
 Sorbitol  
*Grammata novem (9 g)*  
 Mucilaginis methylcellulose  
*Grammata centum et viginti (120 g)*  
 Distilled water  
*Grammata centum et octoginta (180 g)*  
 Mix them to make a solution.  
 Give and sign: externally.

*Rp.*

Sodium benzoicci  
*Centigrammata sedecim (0.16 g)*  
 Sodium citrici  
*Centigrammata sexaginta (0.60 g)*  
 Saccharimidi tablet  
*No. 5 (five)*  
 Etherolei citri  
*Guttas decem (10 drops)*  
 Sirupi simplicis  
*Grammata sex (6 g)*  
 Gelatinae albae  
 Glycerine  
*Aa grammata viginti (20 g of each)*  
 Distilled water  
*Ad grammata octoginta (ad 80 g)*  
 Make it into 20 suppositories  
 Give and sign: dissolve in the mouth 2 times 1
